DETAILED ACTION

Claim Rejections - 35 USC § 102

Claim Rejections - 35 USC § 103

Claims 69-71,73-78,80 & 81 stand rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Chan et al 5464623.

Acephate pellets O 97-98.5% , with 1 processing aid < 2%, inclusive of dehydrators to absorb TRACE amounts of water are taught. The ingredients are dry, & heated. Preferred solvent is methylene chloride, not water (col. 5). There is no water present-thus meeting the instant claim to up to 5%, absent any showing to the contrary by applicant. We would consider trace amounts to be < 0.5%. The pellets are free flowing; that is what the invention was directed to achieving (col. 2, lines 58-line 5 col. 3).

Claims 69-82 stand rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over YAMADA et al 5488043.

Applicant's arguments filed 12/20/05 have been fully considered but they are not persuasive. Applicant's arguments that the amounts of ingredients & water are not as instantly claimed are not persuasive, because the prior art processing also avoids water, as it adversely affects acephate, & thus only trace amounts would be found, We find the claims drawn to compositions with no basis for assuming, as applicant does, that the processing would affect a different compositional outcome than that recited in the prior art.

Claim 83 is allowed.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
